□ Construct ranking section

2. question1

[HTML](#)

□ Instructions for participants

"Thank you for completing the ranking! Now, we will conduct an interview divided into several parts. The purpose of this interview is to gather your feedback on the user test you have just completed.

Please feel free to share all your ideas; we are interested in your opinions. There are no right or wrong answers.

For this part, I would like you to focus on the ranking exercise with the cards that you completed.

Is it ok for you?"

3. Q1

[HTML](#)

Q1

Overall, what did you think about this exercise?

Why?

Did you enjoy the exercise? Why?

What did you think about the paper format of the exercise? Why?

Q2

Did you experience any difficulties completing the exercise?

If yes, which ones? Why? (e.g., difficult-to-understand definitions, etc.)

Q3

Is there anything you would like to add regarding the ranking exercise?

Do you have any suggestions for improving the exercise? If so, which ones?

4. Construct ranking feedback
